

IMPORTANT ANNOUNCEMENT

CATHEDRAL PINES COUNTY PARK COMPREHNSIVE ANALYSIS & MASTER PLAN

The County is in the process of developing a Comprehensive Analysis and Master Plan for Cathedral Pines County Park that, once completed, will be used as a guide for future expansion and improvements to the campground and park. Your family's input regarding the campground, park, facilities and recreation programs is needed so that we can make sure that the services we are providing meet the current and future needs of the community.

Beginning Monday, March 11th, 2013 we invite you to visit the following website, <https://www.surveymonkey.com/s/CathedralPines1>

To take a few minutes to complete our Campground Use and Conditions Survey. Surveys must be completed by May 31st, 2013 to be considered valid.

Although we would appreciate it if you could complete the survey online, printed versions are available at the Cathedral Pines Camp Office and at the Parks and Recreation Department in West Sayville for those who don't have access to a computer or the internet. Thank you in advance for completing the Cathedral Pines Campground Use and Conditions Survey and we look forward to making the improvements necessary to meet your family's camping and recreation needs now and in the future.
